EDUCATION

Vellore Institute of Technology , Chennai, India Computer Science - AIML — CGPA: 9.0	2023 – 2027
Nine Education Academy , Hyderabad Telangana State Board of Intermediate Education — Aggregate: 93.5%	2021 – 2023
Sri Sai Public School , Hyderabad ICSE (Class X) — CGPA: 9.2	2020 – 2021

SKILLS

Java — Kotlin — KMP - Android — Java Servlets — Spring Boot — C — C++ — Python — Flask — JavaScript
— NodeJS — React — NextJS — MongoDB — PostgreSQL — Git - Linux

OPEN SOURCE CONTRIBUTIONS

LangChain4j — Spring Boot Starter for Gemini AI Implemented Spring Boot starter configuration files for Gemini AI, published to Maven Central.	<i>Java — Spring Boot</i>	Oct 2024
	Code —	Maven Repository
LangChain4j — Brave API Web Search Integration Developing Brave API integration for web search functionality.	<i>Java</i>	Ongoing
	Code —	No live website

PROJECTS

Resume Matcher <i>Kotlin — Spring Boot — Langchain4j — Google Gemini — Apache PDFBox</i>	May 2025
Developed AI-powered resume analysis backend that evaluates resume-job description compatibility. Implemented PDF processing, AI integration with Gemini API, and RESTful endpoints for frontend communication. Designed service layer for text analysis and match scoring algorithms.	
• Designed REST API endpoints for file uploads, analysis requests, and history retrieval	
	Code — No live website
MovieBuff <i>Kotlin Multiplatform — Compose Multiplatform — Coil — Ktor — Voyager — TMDb API</i>	May 2025
Developed cross-platform movie browsing application with responsive UI supporting search, filtering, and detailed views. Implemented MVVM architecture with Coroutines and Flow for state management across Android, iOS, and Desktop.	
	Code — No live website
Habit Tracker Backend <i>Kotlin — Ktor — PostgreSQL</i>	Dec 2024
Developed JWT-authenticated REST API with multiple endpoints. Implemented habit tracking with Exposed ORM for improved performance.	
	Code — No live website

WORK EXPERIENCE

Newton School Coding Club — <i>Web Developer</i> Developed web applications using React/Next.js with high performance scores. Optimized load times through code improvements.	Sept 2024 – Present
Google Developer Club (GDG), VIT Chennai — <i>Open Source Developer</i> Contributed to multiple projects with numerous merged PRs. Mentored students in open-source workflows.	Oct 2024 – Present

POSITIONS OF RESPONSIBILITY

Zero Bugs Club, Chennai — *Design Lead (June 2024 - Sept 2024), Content Writer, Designer (Feb 2023 - May 2024)*

Led team of designers for tech events. Created design assets for club activities and events.
